
	<p>We believe that <b>everyone</b> within our community should have the opportunity to lead <b>fulfilling and participative</b> lives; on both a social and professional level, regardless of any cognitive or physical impairments.</p>	<p><a href="#">PROPS Bristol - YouTube</a></p> <p><a href="#">About PROPS - Bristol charity supporting adults with learning disabilities to fulfil their potential - YouTube</a></p>
	<p>The Community Learning Disability Team (CLDT) is for people with a learning disability aged 18 or over, but we can work with people from 17 to ensure a smooth transition into adult services. We have a Transitions group to help this happen. The person must be registered with a Bristol GP.</p>	<p><a href="#">CLDT presentation and other information</a></p>

Silva Care

Founded in July 2007 with one supported living house and one short breaks house, plus a small amount of community Outreach services. The ethos of the company was very much about providing personalised and high-quality support for people with learning disabilities in their local communities, and about providing access to a wide range of social, leisure, training and development opportunities.
